BRAG SAFETY PLEDGE

1. I will ride single file when a car or truck is behind me.
2. I will never ride more than two abreast, in accordance with Georgia law. I will not be a road hog. I will yield to riders trying to pass me.
3. I will ride as far to the right as practicable, except when making a left turn or when going straight at a right-turn only lane.
4. I will call out "car back" or "car up" to riders in front of me.
5. I will call out my intentions to riders immediately behind me: "Slowing," "Stopping," or "Turning." I will use traffic hand signals when appropriate.
6. I will point to road hazards and/or call out to riders behind me: "Gravel," "Hole," "Tracks."
7. I will call out to riders I am about to pass: "On Your Left," or "Good Morning." I will never pass on the right.
8. I will wear my helmet at all times while on my bike.
9. I will obey all traffic signs and signals. I will not call out "Clear" at stop signs or red lights.
10. I will always ride defensively. I will always be aware of other riders, vehicles and pedestrians near me. I will never assume I know what they are going to do.
11. I will use common sense and courtesy toward motorists and other cyclists while I am on my bike.
12. I will provide immediate adult supervision to my bicycling children under age 16.
13. I will not ride before daylight or after dusk unless I have proper lights on my bike, in accordance with Georgia law.
14. If I stop for any reason, I will get completely off the road.
15. I will not wear headphones while riding my bike.
16. I understand I will be ejected from the ride if I violate this Safety Pledge.
17. I will obey this SAFETY PLEDGE. If I am riding with minor children (under age 18), I will read it with them, and they will obey it.

SAFETY FIRST !!!

BRAG events take place on public right of ways. We ask motor vehicles to share the road, so we must extend the same courtesy. As much as possible we travel on low traffic roads, however we will need to travel on roads with higher traffic volume from time to time. Please review the BRAG Safety Pledge you were required to sign to participate in this BRAG event. Please consult the rider handbook provided by Georgia Bikes for more safety information. Various and multiple hazards exist on the route, ride within your abilities, walk when necessary, exercise caution at all times when riding.

YOU MUST STOP AT ALL STOP SIGNS AND RED LIGHTS!! Obey all traffic control devices and exercise caution crossing rail road tracks and road crossings!

SAFETY INFO

You are responsible for your own safety - BRAG assists as much as possible in ensuring a safe ride, however you are in control of your ride and safety. Please read carefully the cue sheets and take note of hazards outlined. Also be on the look out for BRAG signs on the roadway warning of hazards. Hazards are always being created and note we can not warn participants of every potential or existing hazard. Cycling can be a dangerous sport - take your safety seriously!

You must obey all traffic laws and traffic control devices.

Wear a helmet and ensure your gear is properly functioning.

Communicate with other cyclists to keep each other safe - please yell when appropriate car back, car up, rider on, rider off, etc. Communicate about hazards such as RR tracks, pot holes, rumbles, debris in the road, cracks, animals, etc. Do not yell CLEAR as what is clear for you may not be for others.

Visibility - See and be seen, wear bright clothes, reflective clothing and use lights.

Bicycle lanes and shoulders - please use them when possible and safe to do so.

Report dangerous motorists and cyclists.

In the event of rain, the road and road tires can be slick and brakes can slip. Normal conditions may become more hazardous, especially rail road tracks and painted lines.

In the event of lightning, take appropriate action and exercise caution.

If you ever feel uncomfortable with conditions, you are able to walk your bike or stop riding.

SAFETY INFO

This is a ride, not a race. We encourage you to stop and smell the roses and get a true taste for the vibrant fiber and culture of Georgia.

You may leave as early as sunrise and as late as 8:00am, however we strongly recommend you leave with the group start if offered. As long as you leave during this time frame and maintain a minimum 10 mph pace you will catch all the rest stops while they are open. If you have a slower pace, try to leave a little earlier, if you are faster, you can afford to get a little extra sleep.

How not to get lost: We have 4 methods for you finding your way:

1. This Ride Guide. It includes cue sheets. Please keep this book with you. You may want to place it in a plastic bag in case of rain.
2. Signs. There will be BRAG arrows at every turn to tell you which way to turn. If there is no arrow it means go straight. Please exercise caution here as sometimes people like to collect our signs.
3. Road Markings. We mark the routes with paint on the road, before, at and after each turn. When approaching an intersection or side street please cautiously look out for markings on the road. They

look like this: They will point you in the direction of the turn. Roads are not marked in downtown areas or in areas where it is prohibited (Bike Trails).

4. GPS Routes you can download from the Internet. Please go to www.brag.org, click on the respective ride, then click on routes, Then you can click on the respective day you wish to download and it will direct you to the ride with GPS app. If you do not have it you can download it for free, which will give you access to the map, and your location on it (must have a smart phone).
